Five Japanese laborers coming in from the Fox nurseries on the Milpitas road with their month's pay of \$40 each were stopped at the railroad crossing on Taylor street by three masked men, who demanded them to throw up their hands. Special to The Tribune.  
PARK CITY, Dec. 8.—Thomas Werry, Dan Stephenson and John Carville had a narrow escape from death in the Daily-Judge mine yesterday afternoon, and all three were painfully, if not seriously injured. The men were working in an inclined winze between the 120-foot and the 130-foot levels. They had been lowering timber on a truck and the empty truck in some manner left the track and the cable attached to it became unhooked.

**Truck Breaks Loose.**  
John Peterson, another miner, put the truck on the track without noticing the loosened cable, and as soon as the wheels were on the rails the truck went to the bottom of the winze at a terrific rate of speed. It crashed into the three men working below, more or less seriously injuring them. Werry and Stephenson were found to be suffering from bad scalp wounds and bruised about the body, and were unconscious when removed to the hospital. ## IRON WORKERS NOW FACE OPEN SHOP

New York Employers Announce It Is Officially Introduced.

HOUSESMITHS' UNION  
NO LONGER RECOGNIZED

Justify Action With Claim Arbitration Agreement Was Violated.

NEW YORK, Dec. 8.—Ten thousand structural iron workers in this city today were informed by the Employers' association that the "open shop" had been introduced officially. Their pay envelopes contained a circular announcing that henceforth all applicants for employment must go to the employers' bureau in East Fourteenth street and register. The emergency committee of the Building Trades Employers' association issued this statement:

**Won't Recognize Union.**  
"There will be no discrimination between union and non-union men, but there will be absolutely no further recognition of the Housemiths and Bridge-men's union. One hundred and twenty-five non-union men have been put to work on five contracts of Post & McCord affected by the ironworkers' strike. The employers intend to put more non-union men to work tomorrow."

**Justify the Action.**  
Members of the iron league said today that they were justified in taking this action, as the employers had violated the arbitration agreement by striking on all Post & McCord contracts.

**Reason for Strike.**  
President Ryan of the International Bridge and Structural Iron Workers gave as his reason for the strike that Post & McCord are associated in a business way with the American Bridge company, which is accused of employing twenty-five non-union men at McKeesport, Pa. This was denied by William H. McCord, senior member of the firm in question.
